APR Process

An annual report that reflects the continuous process of monitoring and review that takes place throughout the year.

An opportunity to reflect on learning and assessment activities and student feedback in terms of:

- The individual programme or cluster of programmes
- The programme(s) in relation to the wider UWTSD offer and the rest of the HE sector (through data analysis)

APR Process Continued

The reporting process for partners comprises of:

1) Report at programme or cluster level (Form PV11a).

The reports are:

- Considered by the CPO with feedback provided on each report (general aspects of the report, recommendations etc)
- Considered by the relevant Institute including, where relevant, comparability across locations (franchise; programmes with same titles)
- Reports may be sampled by the Academic Standards Committee

2) Report at partner institution level (Form PV12a), considered by the CPO and the Academic Standards Committee

APR reports other purposes

PV11a and PV12a reports will also be used for:

- UWTSD partnership reviews
- QAA Institutional Reviews
- QAA TNE Reviews
- Annual reporting to Pearson (HN awards)

21/22 PV11a Forms

- Not all reports received – 5 partner institutions that have submitted no reports
- 51 reports covering 80+ awards have been received so far
- Of the 51 reports received:
 - 5 referenced the Power BI data provided by UWTSD
 - 6 referenced data but it was not clear whether this was from Power BI or their own data
